|--|------------------------------|
| 1.1 single weighting                     | <b>25.00</b> EUR/weighting   |
| 1.2 two-time weighting (laden and empty) | <b>35.00</b> EUR/weightings  |
| 1.3 weighting on axes                    | <b>152.35</b> EUR/weightings |

**NB!** Weighting service should be ordered by the Client in accordance with HHLA TK Estonia weighting procedure before the truck arrives at the terminal.

- |  |                            |
|--|----------------------------|
| <b>2. Weighting of laden export container</b> , if the container loaded by Terminal (excl. FR or OT container with OOG cargo): | <b>35.00</b> EUR/container |
|--|----------------------------|

- |  |                             |
|--|-----------------------------|
| <b>3. Weighting of laden export or import container by separate order</b> , if container stands on the Terminal storage area and after weighting remains in the Terminal (for ex. if export container arrived at Terminal without VGM weighting document): | <b>115.00</b> EUR/container |
|--|-----------------------------|

**NB!** The rate is doubled when weighting of FR or OT containers with OOG cargo.

- |  |                            |
|--|----------------------------|
| <b>4. Weighting on the terminal scales of the OOG container loaded by the terminal</b> | <b>95.00</b> EUR/container |
|--|----------------------------|

5. The Rates stipulated in clause 1 are valid for the period specified by the HHLA TK Estonia terminal (information is available at <https://hlla-tk.ee/en/customer-area/important-information>).
6. If the VGM is not presented to the terminal and/or the terminal has not received the weighting order from the shipper, forwarder, or shipping line at least 24 hours before the vessel arrival, the container will not be loaded onto the vessel.
7. All Rates are given without VAT. The client pays VAT under the valid legislation of the Republic of Estonia.
